

About Us:

We are a growing online marketing company – over 80% growth last year and projected 100%+ growth in 2010. This is a fantastic company to spread your wings – there is the ability to define your own role and be promoted quickly, as well as the potential to take charge of business development projects, expand to other departments or products and to manage a team. Our core values are teamwork, efficiency, transparency and personal growth. We live to make a major impact to our clients' business by utilizing search engine advertising & optimization, landing page design and social media – and we are always looking to expand into the newest relevant channels. We work hard, but have a lot of fun!

We are seeking an **SEO (Search Engine Optimization) Account Manager**. Tasks/abilities include:

- Full ownership of accounts, regular client interaction, and expert insight for business development.
- Ability to take complex problems and ideas and break them down into simple, clear explanations.
- Ability to set and meet deadlines, proactively identify problems/improvements in accounts, juggle multiple projects and be comfortable communicating with a wide variety of clients (including C-level executives) and coworkers.
- Disciplined attention to detail as well as the ability to propose and follow through on broad marketing strategies.
- Ideal candidate is excited by online marketing, problem-solving, and analyzing data.
